

## SUPPLIER SPOTLIGHT

Accumulators and accessories

Conversion adapters, DIN  
Tube fittings

Hose, fittings, adapters and  
quick disconnects

Lubrication products and  
systems

Flanges, split flanges, and  
inline valves

Brass, steel and stainless  
steel ball valves

Pneumatic valves &  
cylinders

Pressure and temperature  
gauges, and instrumentation

Planetary gear drives

Stainless steel bands and  
clamping tools

Brake line assemblies

Mobile hydraulic valves and  
hand pumps

Pump adapters and foot  
mounts

canfield connector

Solenoid valve connectors,  
proximity sensors

Hydraulic pumps, motors,  
valves, and cylinders

Steel and aluminum sub  
plates and manifolds

Line mounted check, flow, and  
needle valves

Cam and groove fittings,  
industrial hose couplings and  
accessories

Low, medium, and high  
pressure ball valves

Automation and control:  
Electrical controls

Filtration: Filters and fluid  
conditioning systems

Heat exchangers

FELSTED- control cables

Silicone hose, ducting, and  
connectors

Lubrication and fluid handling  
systems

Gear type hydraulic pumps,  
motors, and dump pumps

Pressure gauges

Hydraulic winches

Pumps, flow dividers, and AC/DC power units

Hydraulic pumps, motors, and control valves

Flow meters

Synflex: Thermoplastic hose, tubing, and fittings

Metal hose and expansion joints

Low horsepower AC/DC power units

Hose & cable reels

Stainless steel adapters, fittings and valves

Ag and welded cylinders

High pressure hydraulic pumps, cylinders, and valves

Clamps

Hose sleeve

Hydraulic pumps and motors

Hydraulic swivels

Industrial hoses, couplings and accessories

Specialty fittings/adapters, and test point instrumentation

Hydraulic reservoirs and accessories

Mobile and Industrial Air/oil and water/oil heat exchangers

Hydraulic pumps, motors and valves

Water, fuel and sanitation marine hoses

Hydraulic and pneumatic NFPA cylinders

Vickers: Hydraulic pumps, motors, valves and cylinders

Flex couplings, reservoirs accessories

Flow control valves, directional valves and pressure controls

Steel and stainless steel tubing

Manual mono-block and sectional valves from 5-90 GPM up to 4000 psi

Flex couplings

Hydraulic and pneumatic cylinders

Ag welded, and custom cylinders
